EVERSTICK—the rubber of health and comfort

(none genuine without this cord)

Any doctor will tell you that the ordinary, common rubber is unhealthy because it makes the shoe air-tight, causes the foot to sweat, swell, ache, burn—when you take the rubber off, the foot is chilled. The

Covers only the bottom and sides of the sole of the shoe, leaving the top free to the air, giving foot safety with foot comfort. Very dressy in appearance, and made to fit any style of shoe worn by men and women.

Just as necessary in clear, cold weather to keep the feet warm, as they are in wet, stormy weather to keep the feet dry.

Price for Men, \$1.25; for Women, in Black, \$1.00; in White and Tan, \$1.25.

Accept no substitute, because no other rubber is so good as the Everstick. Insist on having the Everstick fit closely to the foot. See that the name Everstick is stamped on the lining. All good shoemen sell them, but if you cannot get a pair where you live, write us. Send for our free booklet "Foot Safety."
